

VI ALL-RUSSIAN SCIENTIFIC CONFERENCE WITH INTERNATIONAL
PARTICIPATION
**“Actual Issues on Safety and Public Health Risk Analysis under the
Influence of Environmental Factors”**

In accordance with the plan of basic organizational actions of the Federal Service for Supervision of Consumer Rights Protection and Human Welfare for the year 2015 VI All-Russian Scientific Conference with International Participation **“Actual Issues on Safety and Public Health Risk Analysis under the Influence of Environmental Factors”** will be held in Perm on 13-15 May 2015.

For the first time as the venue of the conference the famous Ural Resort “Ust-Kachka” (AMAKS Hotels & Resorts network) is selected, which is located in a pine forest on the embankment of the Kama River.

Conference Organizers: Federal Service for Supervision of Consumer Rights Protection and Human Welfare, Federal Budgetary Scientific Institution “Federal Scientific Center for Medical and Preventive Health Risk Management Technologies”, Office of the Federal Service for Supervision of Consumer Rights Protection and Human Welfare in the Perm Krai, Department of Medical Sciences of the Russian Academy of Sciences, Perm State National Research University, Perm State Medical University named after Acad. E.A. Wagner.

CONFERENCE THEMES

1. Basic, applied and legal aspects of health risk analysis when exposed to diverse environmental factors, harmonization with international standards;
2. Issues on assessing the potential danger of objects in terms of the further improvement of control (supervision), taking into account risk-based approaches in planning supervisory activities;
3. Regional experience in creating information resources in the field of sanitary and epidemiological population welfare, including review of practices on state control (supervision), i.a. in the social and health monitoring system;
4. Issues on implementing the effective sanitary and epidemiological supervision of compliance with the Russian Federation health legislation and the Eurasian Economic Union legal acts in handling food and catering. Choice of forms and methods of protecting citizens’ rights to safe food;
5. Practice of international cooperation on the sanitary and epidemiological population welfare and consumer protection;
6. Development and implementation of highly sensitive methods in detection, identification, quantification and monitoring of pollutants in the environment and industrial environment, food products, baby products, etc., products having a direct and indirect impact on public health;
7. Development of medical prevention of noncommunicable diseases. Predictive medicine (molecular medicine) as a modern strategy for the effective prevention of nonspecific somatic diseases associated with environmental factors;
8. Children and adolescents health risk reduction in the community, in educational institutions, recreation and health organizations;
9. Modern aspects of occupational medicine. Workers’ occupational health risk assessment.

The Conference scientific programme includes:

- plenary and breakout sessions;
- thematic round tables;
- presentation of poster reports;
- contest “Young scientist’s best work”;

- lectures by leading Russian hygienists, epidemiologists, and public health organizers of state sanitary and epidemiological service on topical issues of safety and public health risk assessment under the influence of environmental factors.
